

OUDAALI HANANE

Computer Engineering & Data Analytics Graduate | Seeking a Full-Time Position in Software Engineering or AI
hanane.oudaali.15@gmail.com | +212 624 020 863 | LinkedIn | GitHub | Portfolio | Souss-Massa, Morocco

PROFILE

Full-stack software engineer (Bac+5, Computer Engineering & Data Analytics) with hands-on production experience building automation platforms end-to-end — from backend APIs to shipped features. Comfortable moving between Java/Spring Boot, Python/FastAPI and Next.js/React, with applied experience in NLP and data engineering. Fast learner, autonomous, and available immediately for full-time roles in software engineering or AI.

KEY SKILLS

Languages	Java, Python, JavaScript, TypeScript, C, PHP, SQL
Web Development	Spring Boot, Spring Cloud, REST APIs, FastAPI, Next.js, Angular, React.js, Tailwind CSS, HTML5/ CSS3
DevOps / Cloud	Docker, Docker Swarm, Kubernetes, Nginx, OCI, AWS
AI / Data Science	Machine Learning, Deep Learning, NLP, Scikit-learn, TensorFlow
Databases	MongoDB, Oracle, MySQL, PostgreSQL
Security	Spring Security, JWT, HTTPS/SSL, bcrypt, fernet
Automation	Selenium, n8n
Architecture	Microservices, MVC, Design Patterns, Maven, JPA, Hibernate

PROFESSIONAL EXPERIENCE

Final-Year Internship (PFE) — IT / Automation Project 6 months

Extra Immobilien Gruppe, Germany

- Developed an automated PropTech solution to streamline real-estate investment opportunity sourcing — from listing discovery to owner outreach and response handling.
- Cut average lead-processing time from **14 minutes to under 1.5 minutes (~90% improvement)** by automating listing discovery, data extraction and contact-form outreach with Selenium.
- Built n8n workflows that sent and tracked **100+ outreach messages in under 2 hours**, with multi-step follow-ups and automatic inbox response classification.
- Full stack: Python, Flask, FastAPI, MySQL, PostgreSQL, React Native, Next.js, TypeScript.

Bachelor's Internship — Agricultural Services Digitalization ("AgroCerti") 2 months

ORMVAH, Marrakech

- Co-built a role-based web platform (Spring Boot, Angular, TypeScript, MySQL) that digitized agricultural-certificate services end-to-end — from request submission to certificate delivery — replacing a fully manual, paper-driven process.
- Designed distinct workflows for **3 user roles** (farmers, agents, administrators): document upload, request review/validation, and certificate generation, with responsive interfaces across desktop and mobile.

RELEVANT PROJECTS

AI Chatbot — Semantic Search over 100K+ Scientific Articles

LLMs, Embeddings, Sentence Transformers, FAISS, Streamlit

Built an NLP assistant that indexes 100K+ ArXiv papers and answers natural-language questions via semantic retrieval.

Employee Management System — Microservices Architecture

Spring Boot, Spring Cloud, Spring Security, JWT, Kubernetes, Eureka

Distributed system for a large enterprise; owned security and inter-service communication, with service discovery and API Gateway routing.

Arabic Dialect Identification — NLP & Deep Learning (Kaggle)

MARBERT, AraBERT, CAMELBERT-Mix, LoRA

Transformer-based classification of Arabic text into 6 dialects on 54K samples, reaching **>97% F1** using LoRA fine-tuning (109M → 594K trainable params).

OrdoDesk — Administrative Mail Management App

Next.js, Prisma ORM, MySQL

Full-stack contributor on a business application for correspondence tracking, document archiving and department routing.

+ additional projects (mobile app BookBorrow, deep learning / computer vision, IoT predictive maintenance, Hyperledger Fabric blockchain) on GitHub and portfolio.

EDUCATION

Master's, Computer Engineering & Data Analysis (2IAD)

Faculty of Sciences, Chouaib Doukkali University · 2024–2026

Bachelor's, Distributed Information Systems (SIR)

FST, Cadi Ayyad University · 2023–2024

DEUST, Mathematics, Computer Science, Physics & Chemistry

FST, Cadi Ayyad University · 2021–2023

Baccalaureate, Physical Sciences (French Option)

Aljoulane High School, Biougra · 2020–2021

CERTIFICATIONS

AWS Academy Cloud Foundations (2026)
OCI Foundations Associate (2025)
Amazon Bitesize Careers: Factchecking AI (2025)
Angular (Google/SoloLearn, 2024)
Java Intermediate (SoloLearn, 2023)
Introduction to Java (SoloLearn, 2023)
Web Development (SoloLearn, 2023)

LANGUAGES

Tamazight (Native) · Arabic (Fluent) · French (B2) · English (B2)
